

# INSULTS AMERICAN ARMY; GETS SIX MONTHS IN JAIL

Bertrand Russell Sentenced for Writing Article Which Said Our Soldiers Intimidate Strikers.

JUDGE EXCORIATES PACIFIST

Owner of Paper Fined \$300 and Costs in English Court—Prisoner Recently Convicted of Similar Offense.

LONDON, April 20.—Six months in jail was the sentence recently imposed here upon Bertrand Russell for an article written by him in the *Tribune*, insulting, it is alleged, the American army.

Prosecutor Humphreys said the whole of the front page of the issue of the paper of January 3 was taken up by an article by Russell. The prosecution related to the following passages:

"The American garrison which will, by that time, be occupying England and France—whether or not they will prove efficient against the Germans—will, no doubt, be capable of intimidating strikers, an occupation to which the American army is accustomed when at home."

Sir John Dickinson, addressing Russell, said: "You have lost all sense of decency and fairness, and you have gone out of your way to insult by a deliberate and designed insult the army of the great nation which is so closely allied to us by ties of affection and kindred—a nation which has joined us to fight for the same ideals of justice and freedom that have inspired us. Yours is a very despicable offense. It is worse, for though the sound sense—or keen sense of humor, as Mr. Whiteley put it—of the Americans may treat your libel with the contempt it deserves, there are some people who would eagerly seize upon these false assertions and use them to injure the cause for which we have been devoting our time and treasure."

## POWDER-PACKING PLANT TO BE BUILT AT SEVEN PINES

(Continued from First Page.)

Fort Lee Corporation will act as agents for the government in securing the land. This company, which is now being organized, is composed of John M. Miller, Jr., president of the First National Bank, president; Oliver J. Sands, president of the American National Bank, vice-president; and T. M. Carrington, secretary and treasurer. These men also compose the directors of the company.

All real estate transactions will be conducted by this corporation for the government, and once the land is secured and all requirements complied with, the real estate will be reconveyed to the Federal government for the War Department. Options on the land needed were secured by the firms of J. Thompson Brown & Co. and Pollard & Bagby, and numerous sites were submitted to the government. The Seven Pines location was decided upon as being the most desirable.

Efforts to secure the location of the plant near Richmond have been under way for several weeks. The Chamber of Commerce and the Retail Merchants' Association, together with many prominent business men, worked constantly on the project. A special committee, headed by John M. Miller and Oliver J. Sands, has directed the work and made several trips to Washington for conferences with War Department officials. Following these conferences the various sites were viewed and the Henric County property finally selected.

This committee spent some time in Washington last week, and the matter was generally understood several days ago to be practically settled. Official notification that the acting chief of ordnance had authorized the purchase of the land, however, did not come until yesterday. A special meeting of the committee was called at once and the details gone over.

### COMMITTEE ISSUES WRITTEN STATEMENT

Following this meeting, the following statement was issued:

"The acting chief of ordnance of the War Department has authorized the purchase of approximately 1,700 acres of land located in the vicinity of Seven Pines, Henric County, about six miles east of the city of Richmond. The same to be used as a site for a powder-bag packing plant."

"The Fort Lee Corporation, now in process of organization, is composed of John M. Miller, Jr., of the First National Bank, as president; Oliver J. Sands, of the American National Bank, vice-president; and T. M. Carrington, secretary and treasurer. These gentlemen also compose the board of directors of the company. This company will act as agents for the government in the purchase of the property, and will immediately reconvey same to the government when all the government requirements have been complied with."

"After weeks of labor by the real estate firms of J. Thompson Brown & Co. and Pollard & Bagby, and examination of a number of sites throughout this section submitted to the government, this site was determined upon as being the most desirable."

### CORPORATION AUTHORIZED TO PURCHASE PROPERTY

"The corporation representing the government has been authorized to purchase such of these properties as can be purchased at fair prices, but if the prices are not satisfactory to the corporation, the government will undoubtedly commandeer such of the land as it may need upon which the price cannot be agreed upon."

"The Chamber of Commerce and the Retail Merchants' Association, through its president, H. Carl Roschen, has taken an active interest in this matter."

"It is generally believed and understood that the government will begin immediately the erection of a large plant upon this land for the purpose of assembling and packing powder for export shipment. The plant will cost approximately \$3,000,000. It will require three to four months for the construction work, employing a force of from 2,000 to 3,000 men. It is contemplated that the plant will be oper-

LEROY E. BROWN.

ated by the Du Pont Company with 2,500 to 3,500 operatives, both male and female."

### NO DANGER FROM HANDLING OF POWDER

From what could be learned last night, powder from at least two government manufacturing plants in the South will be shipped to Richmond to be packed, after which it will be transported to agents for export. There is little or no danger from the location of such a plant near a city, it was declared, while the undertaking is expected to prove of material benefit to Richmond.

While the plant will be scattered over a considerable area of land, business men declared last night that the property selected provided unusual facilities. In addition to the proximity of the two railroads for shipping the powder, the land is also near the Seven Pines Electric Railway, providing transportation facilities for those operatives who may wish to live in Richmond. The site is also admirably situated because those employees who reside near it may visit Richmond's amusement-houses for recreation, thereby substantially improving living conditions. It is not known whether houses for operatives will be erected on the land secured, since the War Department is building the plant.

## SEVEN VIRGINIANS ARE LOST IN SEA WRECK

(Continued from First Page.)

among the missing. The last word which the family here received from him was six weeks ago, when he said that he expected to sail shortly.

A Richmond boy who is reported to have been aboard the *Frederick H. Leonard Lafayette* lives at 306 Stockton street, South Richmond. Livesey was employed as a time-keeper prior to his enlistment as a seaman.

Prior to his enlistment in the Navy young Ratcliffe was a student in the classical course at Maryville College, Maryville, Tenn. He is twenty-two years old and enlisted shortly after the outbreak of the war. His brother, Dr. Ratcliffe, had not received any word from the Navy Department or from the young man. The first intelligence of the sinking of the *Lake Moor* and the belief that his brother was among those lost was conveyed to Dr. Ratcliffe at the hospital last night by *The Times-Dispatch*. The last message which young Ratcliffe sent his brother was on an Easter card. He stated that he would likely make his first voyage across very shortly.

## PROCLAMATION ISSUED INCLUDES ENEMY WOMEN

Germans and Austrians Not Declaring for Citizenship Can't Enter Barred Zone.

WASHINGTON, April 20.—German and Austrian women in the United States were placed under the same restrictions as have prevailed for male enemy aliens by a proclamation issued today by President Wilson, under the recently enacted law including women in the definition of enemy aliens. These restrictions, applicable only to women above fourteen who have not been naturalized by their own or their male relatives' declarations of citizenship are as follows:

German and Austrian women are subject to arrest and internment if they violate the laws or are regarded as dangerous persons to allow at large.

German women must register as German males have done.

German women are forbidden to enter barred zones about water fronts and warehouses without special permits after a date not yet determined by the attorney-general.

German women must leave the District of Columbia by next Monday midnight, if they are transients, or by May 3 if they have lived in the district since war was declared. None may enter the district.

**Rheumatism**  
A Home Cure Given by One Who Had It

In the spring of 1913 I was attacked by muscular and inflammatory rheumatism. I suffered as only those who have it know. For over three years I tried remedy after remedy, and doctor after doctor, but each relief as I received was only temporary. Finally, I found a remedy that cured me completely, and it has never returned. I have given it to a number who were terribly afflicted and even bedridden with rheumatism, and it effected a cure in every case.

I want every sufferer from any form of rheumatic trouble to try this marvelous healing power. Don't send a cent; simply mail your name and address and I will send it free to try. After you have used it and it has proven itself to be that long-looked-for means of curing your rheumatism, you may send the price of it, one dollar; but, understand, I do not want your money unless you are perfectly satisfied to send it. Isn't that fair? Why suffer any longer when positive relief is thus offered you free? Don't delay. Write Mark H. Jackson, No. 138 D. Gurney Bldg., Syracuse, N. Y.

JOHN M. MILLER, JR., President First National Bank.

H. CARL ROSCHEN, President Retail Merchants Ass'n.

OLIVER J. SANDS, President American National Bank.

## FINES TWO PINTS OF WHISKY

Police Execute Search Warrant at Girl's Room on South Third Street.

Miss Margaret Wilson, twenty-eight years old, who gave her occupation as a factory girl, was arrested by Officers Ernest and Flourney, of the Second Precinct, late Friday night on the charge of keeping and storing ardent spirits. A search warrant was executed on the premises 106 South Third street and two pints of whiskey found. Numerous empty bottles were carried to the station house with the two pints as evidence against the girl.

Verdict for Defendant. In the case of the Acme Manufacturing Company, of Wilmington, N. C., suing the Armistead Chemical Company, of Louisiana, for \$50,000 for breach of contract in failing to supply a stipulated amount of pyrites the jury in the United States District Court yesterday returned a verdict for the defendant.

## Seek to Suppress Labor Agents.

NEW ORLEANS, April 20.—In an effort to suppress labor agent activities at lumber mills, the Southern Pine Association announced today that it has appealed to President Wilson for a Federal order safeguarding plants engaged on government business from loss of necessary workmen through recruiting by labor agents.

# "TIZ" FOR FEET

Instant Relief for Sore, Tired, Tender Feet; for Aching, Swollen, Calloused Feet and Corns

"Pull, Johnny, Pull! My sore, tired, swollen feet just ache for 'Tiz.'"

You're footsick! Your feet feel tired, puffed up, chafed, aching, sweaty, and they need "Tiz."

"Tiz" makes feet remarkably fresh and sore-proof. "Tiz" takes the pain and burn right out of corns, callouses and bunions. "Tiz" is the grandest foot-gladdener the world has ever known.

Get a 25-cent box of "Tiz" at any drug store and end foot torture for a whole year. Never have tired, aching, sweaty, smelly feet; your shoes will fit fine and you'll only wish you had tried "Tiz" sooner. Accept no substitute.—Adv.

## CHARGE BRENT ALLINSON EVADED DRAFT LAW

Chicago Man Is Taken to Camp Grant for Trial by Court-Martial.

(By Associated Press.)  
WASHINGTON, April 20.—Brent Allinson, of Chicago, was arrested here today by Department of Justice agents, on a charge of evading the draft, and was turned over to the War Department officers. He was taken to night to Camp Grant, Ill., where he will be tried by court-martial on a charge of desertion.

Allinson was directed to report April 2 to join registrants to be sent to Camp Grant for training. Before receiving the notice, he came to Washington to interest the War Department in a reconstruction unit he desired to organize. The department refused to consider his plan and he then made application for admission to Camp Meade, Md., but that also was refused. After Allinson failed to gain admission to Camp Meade, War Department officials were under the impression that he had returned to Chicago to report to his local board. Information came from the board, however, that he had not reported, and orders for his arrest followed.

## Doctors to Meet.

The Richmond Academy of Medicine and Surgery will meet in the auditorium of the Chamber of Commerce building Tuesday evening at 8:30 o'clock. Papers on technical subjects will be read by Dr. Frank P. Richter and Dr. R. C. Fravel.

## Johnson—Noell.

(Special to The Times-Dispatch.)  
DANVILLE, Va., April 20.—Miss Helen Noell, daughter of Mr. and Mrs. C. D. Noell, and James Eric Johnson, of Durham, N. C., were married here to-night at the home of the bride. The wedding was largely attended and was followed by a reception. The pair both belong to prominent families.

## Arbor Day at Country School.

Arbor Day will be observed at the Virginia Randolph Elliott Country School for Girls on Monday afternoon at 2 o'clock. Various guests are expected out to lunch. The boys of the Chamberlayne School will be invited.

## HE DAREKEND HIS GRAY HAIR

They Used to Call Him Grandpa; Now They Call Him Kid.

Tells How He Did It.

Mr. J. A. McCrea, a well-known resident of San Francisco, who was called Daddy and Grandpa on account of his white hair, and who darkened it with a simple home-made mixture, recently made the following statement:

"Any one can prepare a simple mixture at home, at very little cost, that will darken gray hair, and make it soft and glossy. To a half pint of water add 1 ounce of bay rum, a small box of Barbo Compound and 4 ounce of glycerine. These ingredients can be bought at any drug store at very little cost. Apply to the hair twice a week until the desired shade is obtained. This will make a gray-haired person look twenty years younger. It does not color the scalp, is not sticky or greasy, and does not rub off. My friends now call me 'Kid.'—Adv.

## GATE CITY HAS GREAT LIBERTY LOAN CELEBRATION

(Special to The Times-Dispatch.)

GATE CITY, Va., April 20.—Notwithstanding it rained until noon, the greatest crowd ever seen in Gate City was here to attend the Liberty loan rally and hear the speaking. The large courtroom was packed with people, and more than half the people could not get in. The principal addresses were made by Congressman Slem, Lieutenant-Governor Buchanan and Rev. J. W. Hill, of New York.

Dr. Hill was introduced by Lieutenant R. G. Craft, who is on a furlough from Camp Wadsworth, Through out, the enthusiasm of the immense crowd was at high pitch.

More than \$10,000 of bonds had been sold, and at the close of the speaking cards were taken by hundreds to apply for bonds. The committee is confident now that the \$100,000 allotted to Scott County will be promptly subscribed. The people now see their daily duty with reference to the war as they never saw it before.

The Man With Something to Sell can sell it the *Times-Dispatch* Ad way. Telephone your ad to Randolph 1.
